

Caddo students and teachers should all be logging into all of their resources through ClassLink. If a resource is not in ClassLink we need to be told so that we can work on getting it in there. There are a good number of applications that users can already find in the Caddo SD Library by clicking on the plus sign in the top left of their screen. These are the applications that may not be district resources but are used by a number of our schools. Admins and ClassLink Champions have access to additional libraries.

Users can find additional instructions and resources in the BLACK “ClassLink Resources/Help” folder on their ClassLink portal.

They can also find additional help and resources by clicking on the question mark in the top right of the screen.

The link below includes some more instruction pages you can share with users if they need them, and most of these can be found in the Black folder too. There are more to come...
